Forest of Dean Paintball

Paintball

is currently one of the fastest growing sports in Europe.

Forest of Dean Paintball is situated in over 50 acres of open grassland, valleys and dense woodland cover.

Everybody is catered for, from children's parties (11 plus), individuals, corporate events, stag and hen parties.

How Its Played

Two teams pit their wits against each other trying to out think and out manoeuvre the opposing team. The games played have different objectives and scenarios, it is then down to you to achieve your particular task without getting marked by your opposing team.

Games

Within the site we have constructed several games for your entertainment.

MISSION OBJECTIVES:

Capture the Flag,
